*Open to all athletes of Sparta Area Schools
Waiver of Liability

Knowlton & McFall Dentistry, PLLC will be fabricating athletic mouthguards for Sparta student athletes. Although proven to significantly reduce the incidence of oral and dental injuries during use, athletic mouthguards do not totally prevent the chance of injury.

During mouthguard fabrication, Knowlton & McFall Dentistry, PLLC will not be completing an oral examination. Dental conditions may exist in athletes (fractured teeth / tooth decay / broken fillings / etc.) that could worsen during or after the mouthguard fabrication process.

My signature below demonstrates that I will not hold Knowlton & McFall Dentistry, PLLC liable for aggravation or worsening of a preexisting oral condition as a result of the mouthguard fabrication process or the wearing of the mouth guard, or in the unlikely case of an injury to the oral area while wearing the athletic mouthguard.
